LABUK PLANTING COMPANY,
LIMITED.

INTIMATIONS

DAKIN BROTHERS OF CHINA,
LIMITED.

CHEMISTS

DAKIN BROTHERS'
SOLUBLE CRESOL

THE NON-POISONOUS
DISINFECTANT

THE BEST, SAFEST, AND CHEAPEST
DISINFECTANT FOR UNIVERSAL
USE.

The Coal-Tar derivatives, CARBOLIC and
CREOSOLIC Acids, have been known for many
years to be the most powerful and generally useful
disinfectants, but their effective use is restricted
by their insolubility in water at ordinary tem-
peratures and their caustic and poisonous action;
DAKIN BROTHERS' SOLUBLE CRESOL, however,
as above combined in a soluble and non-corrosive
form.

DAKIN BROTHERS' SOLUBLE CRESOL is used
in a highly concentrated form, and will bear
dilution of 1 part to 100 to make a strong Dis-
infecting Solution.

DIRECTIONS FOR USE.

MIXING.—After well shaking the fluid add
cold water to it in the proportions stated below
(soft water being preferred) and stir well until
thoroughly mixed. Keep the bottle well corked.
To prepare a large quantity of water for use, add
one gallon of water to one gallon of the CRESOL
(not the CRESOL in the water), stir well until thor-
oughly mixed, and then add gradually the water ne-
cessary to bring the solution to the proportion re-
quired, stirring the mixture.

FOR CLOTHES, &c.—To disinfect Water-
Closets, Urinals, Sinks, Drains, Sewers, Coo-
pools, and Privies.—Flush daily with a solution of
1 part CRESOL to 50 of water.

FOR GENERAL DISINFECTING.—To purify
and maintain in a state of purity the air of Bar-
rooms, Workshops, School-rooms, Stables,
Carriage Houses, &c. with CRESOL, Carbolic Acid,
or any of the other disinfectants, should be care-
fully stirred up and removed all refuse, and
wash, scrub, or flush with a solution of 1 part
CRESOL to 100 of water.

FOR SHIPS.—To purify the Cabins and Bunks
on board ship.—Thoroughly sweep and wash or
scrub out with a solution of 1 part CRESOL to
100 of water.

FOR HOLD-AND-BILGE OF VESSELS.—Use
1 part of CRESOL to 40 of water.

FOR SPHERES.—To purify Streets, Roads,
Courts, Alleys, &c.—Use 1 part of CRESOL with
about 3 gallons of water, pour into a water-cart
containing 200 or 250 gallons of water.

Bottles, each 25 and 50 cts. 1-gal. drums \$3.25;
5-gal. drums \$10.00.

TELEPHONE No. 90.

No. 22 & 24, QUEEN'S ROAD CENTRAL.

THE PEAK HOTEL AND TRADING
COMPANY, LIMITED.

NOTICE TO SHAREHOLDERS.

NOTICE is hereby given to Holders of
the Shares in the above Company bearing
the Numbers specified below that unless the
CALL of Ten Dollars per Share, Five
Dollars per Share of which was due on the 15th
FEBRUARY, 1890, has been paid together with In-
terest thereon at the rate of 12 per cent. per
Annum from the said due Date to the Hon-
ourable and Sir BRUCE BAILEY, Chairman of the
Board, on or before the 15th October, 1890, the
Shares will be liable to be FORFEITED, and
under the provisions of Section 4, Subsection
VILL of the Articles of Association the Board
will have the necessary resolution for the FOR-
FEITURE of the said Shares Nos. 678, 1221-6,

SCIENTIFIC MISCELLANY.

Two years ago Dr. J. B. Williams described a new insect which he named *Williamsia* in honor of the late Dr. J. B. Williams, and which he described as a new species of the genus *Williamsia*. The insect was found in the State of California, and was described as a new species of the genus *Williamsia*. The insect was found in the State of California, and was described as a new species of the genus *Williamsia*.

The electrically-deposited copper which is now being manufactured by an English company has been found to be of a higher quality than the copper which is produced by the ordinary process. The electrically-deposited copper is of a higher quality than the copper which is produced by the ordinary process.

No fewer than 600 lady doctors have been graduated from the Medical Academy for Women at St. Petersburg. The institution has been found to be of a higher quality than the medical education which is given to women in other parts of the world. The institution has been found to be of a higher quality than the medical education which is given to women in other parts of the world.

An old French family to which attention is drawn by M. E. P. has been distinguished for three centuries. The family has been distinguished for three centuries, and has been distinguished for three centuries.

The death of Sir Wm. W. W. is a great loss to the world. Sir Wm. W. W. was a great man, and his death is a great loss to the world.

A table by Mr. H. A. H. of the Signal Service, showing the number of earthquakes which have occurred in the United States in 1899, and the number of earthquakes which have occurred in the United States in 1899.

The old idea that the latitude of places varies as the square of the latitude of the places is a great loss to the world. The old idea that the latitude of places varies as the square of the latitude of the places is a great loss to the world.

Experiments by an Italian physician indicate that the temperature of the body is different from that of the body. The temperature of the body is different from that of the body.

From a work by Dr. J. B. Williams, it appears that the temperature of the body is different from that of the body. The temperature of the body is different from that of the body.

A study of the small to in man has been made in Germany by Herr P. P. The study of the small to in man has been made in Germany by Herr P. P.

For ordinary difficulties and still another for diseases of the bladder and there can be little doubt that these are largely brought about by the different micro-organisms.

More or less successful attempts have been made to graft nearly all the different tissues of the body, including skin, bone, teeth, muscle, nerve, gland tissue, and even the brain.

Dr. G. D. V. claims to have succeeded in rendering harmless by inserting in the pipe of the bladder a small tube of pyrolysate.

Candles containing bromine and iodine are coming into use for disinfecting sick-rooms.

A trip through Algeria to the Sahara was recently made by Dr. J. B. Williams.

Artificially made is a new chemical product, with an odor to be distinguished from the real one only by the expert. The artificially made is a new chemical product, with an odor to be distinguished from the real one only by the expert.

While pine boards are now made by redwood, small trees and limbs to pulp and pressing in mills.

From the shell of grasshopper a Spanish inventor claims to have the finest soap yet produced.

A table by Mr. H. A. H. of the Signal Service, showing the number of earthquakes which have occurred in the United States in 1899, and the number of earthquakes which have occurred in the United States in 1899.

The old idea that the latitude of places varies as the square of the latitude of the places is a great loss to the world. The old idea that the latitude of places varies as the square of the latitude of the places is a great loss to the world.
